

DETAILED AGENDA AVAILABLE

October 2025

Map Out Your Experience

The full agenda for the Versaterm Re:Invent Users Conference is now live. Explore detailed session descriptions to plan your experience and make the most of your time onsite. With a strong focus on hands-on training, including tracks for CAD/RMS and the Forensics Users Group, the agenda highlights everything waiting for you. Haven't registered yet? It's also a great way to see the breadth of learning and networking opportunities available.

New Drone Sessions Added

In a recent Versaterm survey, 57% of respondents said they would be interested in using drones as a first-on-scene tool for better visibility. With the recent DroneSense acquisition, we'll showcase how agencies can deploy Drone as First Responder programs.
